

Drake Street East – Temporary Car Park

September 2010

Car park opening:

Monday 20 September 2010

As a goodwill gesture the car park will be free of charge until Friday 29 October 2010. After this date it will be £1.50 per day. However, if you arrive after 3pm it is free. It is also free all day Saturday and Sunday.

Restrictions:

Vehicles below 2 metres in height

The new car park is opening on the former MFI site, off Drake Street, Rochdale.

The site has been secured by the council as a temporary car park due to the work that will start on the Metrolink line to Rochdale railway station. The Metrolink works start at the end of September 2010 and are expected to take two years to complete. There will be significant temporary and permanent changes to the road layout around Rochdale railway station.

The new, temporary car park will accommodate approximately 250 cars and will hopefully ease some of the commuter congestion around the railway station.
