Unmet demand

Information from our Family Information Service has identified the following information relating to barriers to using childcare in this ward.

Ward	SOA	Care Type 1	Difficulty	Resolution
Littleborough	Lakeside	5517	Out of School	Family were relocating to Rochdale from Luton - fallen through so childcare no longer required

Information from the children's centre annual survey has revealed the following:

Families in reach area	Number families responded	%
1137	136	12
Ethnicity of respondents	Count	%
White British	129	98
White other	2	2
Asian or Asian British Pakistani	1	1
Other	1	1

Within this survey parental comment and demand appears focussed on further development of more informal/drop in services, particularly focussing on request for crèche and stay and play sessions to be extended or increased in frequency. There is no evidence to suggest that these requests were linked to a potential return to work or training. Therefore, these suggestions will be responded to within individual children's centre development plans and not within this Sufficiency Assessment.

However, when asked in which way children's centres overall have improved their lives, many parents responded by stating that access to children's centres had given them an opportunity to undertake training which would aid their future employment. These figures (%'s of those who responded to the question) are shown as follows:

	This ward		Borough wide	
	number	%	number	%
Given a chance to train	39	15	287	20

When asked how parents thought children's centres had made a difference to their children's lives, parents made the following comment that would contribute to this assessment:

	This ward		Borough wide

The national average of take up for the childcare element of Working Tax Credit is 14%. In this ward the super output areas highlighted as bold are below this average and would therefore benefit from enhanced marketing and promotion of tax credit availability.

Ward summary and recommendations

In 2008 the average figure for people of working age in employment in the Borough of Rochdale was 69.3%. In determining the likely demand for childcare in each ward we have therefore assumed that this % figure of the total children in the ward would be from families who may require childcare.

We are aiming for a child to place ratios for each age range as follows:

0 - 5 years	1 place for every 8 children
3 - 4 years (free entitlement)	1 place for every child
5 - 11 years (term time)	1 place for every 8 children
5 - 11 years (holidays)	1 place for every 16 children

Using these figures for the age ranges below (with the exception of 3 and 4 year old's who are in receipt of a universal free entitlement) gives the child to place ratios detailed below

Age Range	Total number of children	69.3% of total children	Childcare places in ward	Ratio children to places	% coverage
0 to 5 years	509	353	420	0.84	119.07
3 to 5 years (free entitlement)	201	201	280	0.72	139.30
187 (93%) children resident in this ward access their free entitlement.					
5 to 11 years (term time)	792	549	158	3.47	28.79
5 to 11 years (holiday)	792	549	172	3.19	31.34

Childcare costs

Childcare costs in this ward are, in all areas, below national and regional averages.
